I heard from Rita Bair in WD yesterday that they would begin sending letters with drinking water sampling results this week. The answer to community groups says "in the next several weeks." Copying Rita to confirm.

All – There were some ORC & SFD comments on the draft I sent out on 1/5/17 (see email below). I just got comments back from the Water Division & I think this is now ready to go. I am planning to send this COB today. If you have any concerns or additional comments, please let me know. Thanks!

Subject: USS Lead - Response to Community Group (Qs 7 & 8)

All – as you may recall, the community group now known as East Chicago/Calumet Coalition (formerly known as East Chicago Undivided) sent 8 inquiries to EPA on 12/25/16 (attached), and requested a response by the end of 2016. Charles Rodriguez was able to get a response to

most of the inquiries turned around, but inquiries 7 & 8 deal with sampling and release of data so we decided to wait until the response to Sen. Donnelly was issued (on 1/3/17, attached) so we could use some of that language in our response.

I have lifted some of the language from the 1/3/17 letter and modified it slightly to more directly respond to inquiries 7 & 8.

Can you please let me know if you have comments on the attached draft responses by COB tomorrow, Friday, 1/6?

Thank you very much!
